LNS-08-PRO

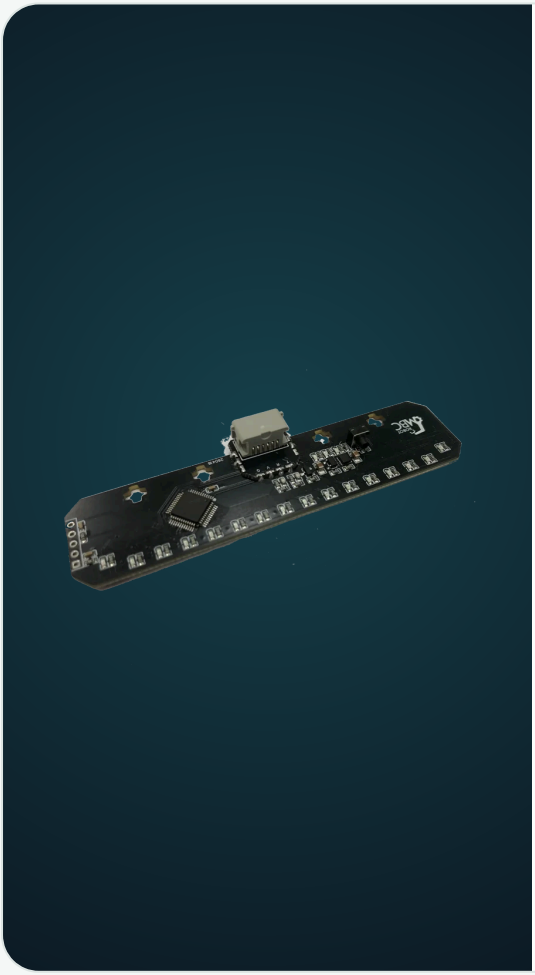

Pathfinder 8-Way

Built for busy WRO maps: 8 channels see exactly where the line is, output a high-resolution position ready for PID, and calibrate with one button.

8	±100	5 s
sensing channels	high-res line position	one-button calibration

Editions: SPIKE · EV3 · Universal I2C

MSRP **US$100** shipping not included

LNS-16-PRO

Pathfinder 16-Way

A 16-channel wide view: stays on the line through fast turns, detects intersections automatically, and uses just 1 hub port.

16	1 port	Auto
sensing channels	on your hub	fork & intersection detection

Editions: SPIKE · EV3 · Universal I2C

MSRP **US$120** shipping not included

TOF-02-LSR

Ranger 2-Way

Faster and smaller than ultrasonic: two laser points measure left and right at once, so you know which side an object left from.

2	120 cm	L / R
laser points	range	exit direction

Editions: SPIKE · EV3 · MakeBlock

MSRP **US$60** shipping not included

TOF-08-LSR

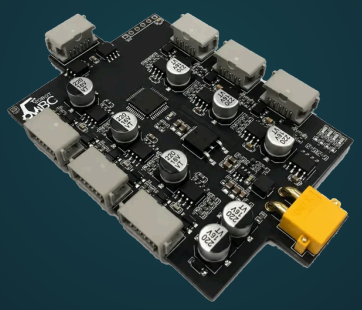

Ranger 8-Way

8 laser points cover 180° in front: it tells you which direction the nearest target is and how far — no more ultrasonic ghosts in sumo and obstacle avoidance.

180°	8	17
field of view	laser points	bearing steps

Editions: SPIKE · EV3 · Universal I2C

MSRP **US$120** shipping not included

EXP-06-PRO

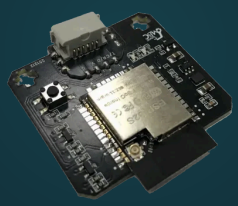

SPIKE 6-Way Expander

Out of ports on SPIKE Prime? Run 6 motors and sensors from one port, with its own isolated power and on-board motor PID.

1 → 6	PID	Isolated
ports	on-board motor control	power protects your hub

Editions: Official SPIKE App · Pybricks · Robot Inventor App

MSRP **US$145** shipping not included

CMD-BT-PRO

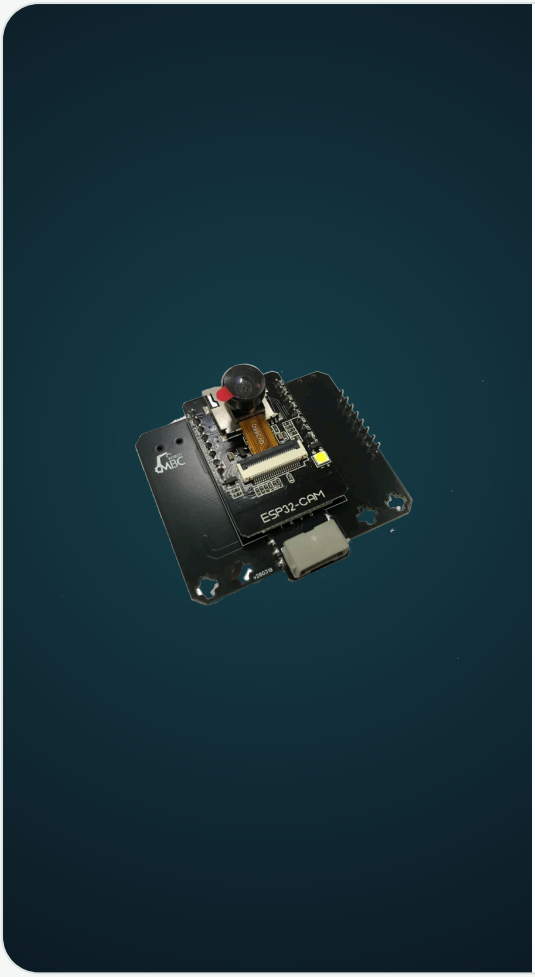

Controller PS4/PS5

Works with PS4 and PS5 gamepads: bonds to your gamepad only and stops the moment the signal drops — no interference even with dozens of teams around.

2	0.3 s	30 s
gamepad types: PS4 & PS5	stop on signal loss	quick pairing

Editions: SPIKE · EV3 · Universal I2C

MSRP **US$100** shipping not included

CAM-VIS-PRO

Sharpshooter Vision

Give your robot real vision: set the color to track on the sensor's own screen, then get blob position, size and motion all at once.

1.8"	5	4
on-device screen	outputs at once	lens options

Editions: SPIKE · EV3 · MATRIX

MSRP **US$120** shipping not included

IMU-9AX

IMU 9-Axis Gyro

The key to driving straight and turning precisely: correct heading at any mounting angle, and compass fusion that does not drift over long runs.

9-axis	Any angle	No drift
gyro + accel + mag	mounting	compass-fused heading

Editions: EV3 · SPIKE · Universal I2C

MSRP **US$100** shipping not included
